

IF YOUR GUIDE BOOK IS MORE THAN 8 MONTHS OLD, BURN IT.

Things change fast in Singapore. These days, nightlife stretches to daybreak. And at many pubs, dancing on the bar is actually expected. On the shopping front, new boutiques continue to pop up islandwide, and an ever-growing alfresco dining scene is a treat if you love the tropical outdoors. With thrills like reverse bungee, exciting cabaret acts and so many international concerts, no two visits to Singapore are alike. In fact, your travel guide may already require a reprint. visitsingapore.com
